R. O. 178.—R. P. B.—3-1921.—3,000.

Letter No.5, dated the 24th February 1921, from the Secretary to the Government of India, Department of Education (Sanitary) Delhi, to His Majesty's Under Secretary of State for India.

---:0:---

With reference to the correspondence ending with the Education Department telegram to the Secretary of State for India No.99, dated the 2nd February 1921, I am directed to say that, as the system of sending weekly telegraphic reports relating to ~~the~~ epidemic diseases in India to the Ministry of Health in England has now been introduced the Government of India have decided that the submission to the Secretary of State of monthly telegrams regarding plague deaths in the different provinces should henceforth be discontinued, in accordance with the arrangement approved by the India Office in their letter No.3544-R. & S., dated the 17th June 1920. Local Governments and Administrations are being informed accordingly.

2. I am to add that the Government of India will regularly forward to the India Office by post (1) a weekly statement of plague cases and deaths and (2) a weekly return of cases and deaths from other epidemic diseases in India, the latter statement reaching that Office a little later than the plague return. If arrangements are made with the Ministry of Health for the supply to the India Office of copies of the weekly telegrams, these together with the weekly returns, will furnish that Office with more detailed and accurate information than the monthly report, which will be abolished.
